

AITOR ALONSO NÚÑEZ

Full stack developer and part-time studying a MSc in Computer Engineering. I'm looking for new challenges to prove my skills as developer and a teammate.

Proactive, enthusiastic and curious. I never hesitate stepping out of my comfort zone to learn something new.

EXPERIENCE

01/2018 - 12/2019

System Administrator / Full Stack Developer

Computer Science Department.

Universidad Carlos III de Madrid. Madrid, Spain.

01/2017 - 01/2018

MOST PROUD OF

- Automating the daily work at the IT infrastructure of the Computer Science Dept. at my university and to improve their troubleshooting speed.
- Teaching generations of students about Linux administration and micro services development with python.
- Helping as a collaborator to boost T3chFest as the biggest IT event made by students on a public university.
- Bringing the Delegación de Estudiantes closer to the students by updating and modernizing their IT infrastructure, and to integrate it with the university services.
- Being able to do all of this while I was studying at full-time and getting good academic records.
